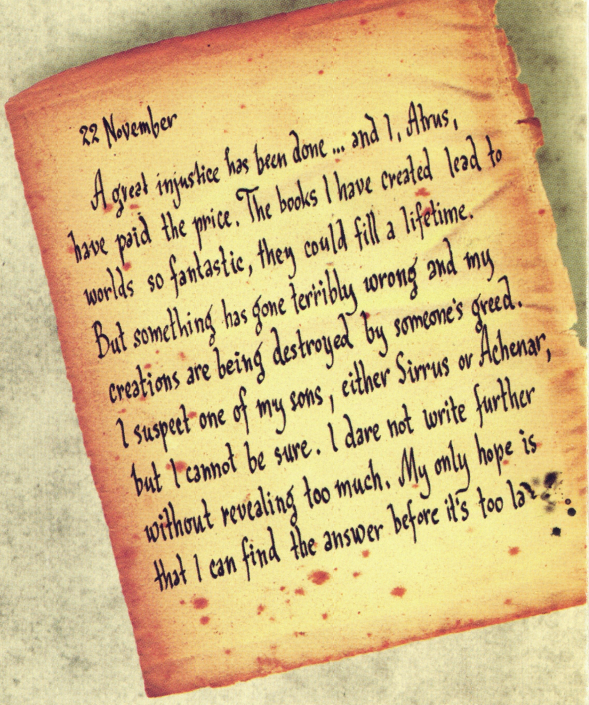
Experience
The Surrealistic
Adventure
That Will
Become Your
World...



22 November
A great injustice has been done ... and I, Atrus,
have paid the price. The books I have created lead to
worlds so fantastic, they could fill a lifetime.
But something has gone terribly wrong and my
creations are being destroyed by someone's greed.
I suspect one of my sons, either Sirrus or Achenar,
but I cannot be sure. I dare not write further
without revealing too much. My only hope is
that I can find the answer before it's too late.

Few are chosen. Fewer succeed. Journey now to an island world surrealistically tinged with mystery ... where every vibrant rock, scrap of paper, and sound may hold vital clues to your unraveling a chilling tale of intrigue and injustice. Only your wits and imagination will serve to unlock the ancient betrayal of ages past.

Present Day.

You stumble upon a battered old book. A book entitled Myst. Its handwritten pages reveal a twisted tale of an island world.

As you lay your hand upon the final page, your own reality dissolves into blackness. And you are mysteriously transported to the island of Myst.

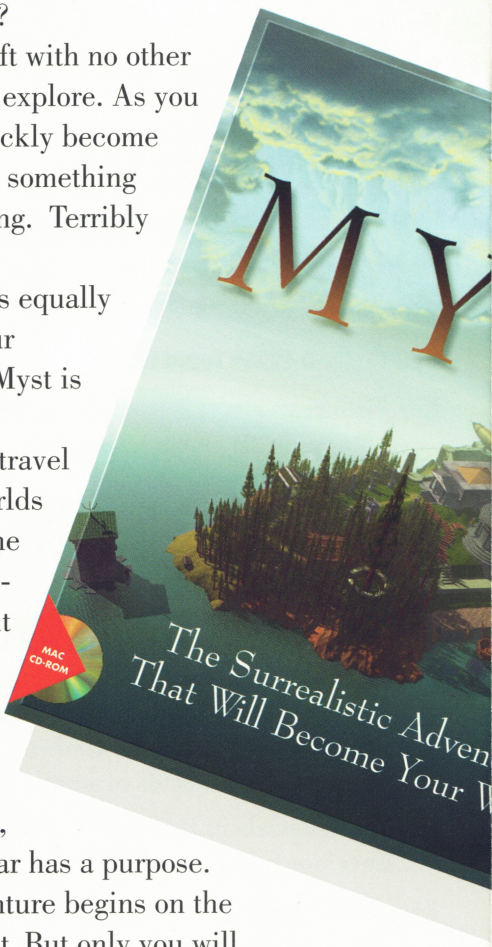
Now what?

You are left with no other choice but to explore. As you do, it will quickly become apparent that something has gone wrong. Terribly wrong.

It becomes equally clear that your presence on Myst is no accident.

You must travel to several worlds to untangle the web of treachery and deceit laid before you. And be forewarned! Most everything you see, touch and hear has a purpose.

The adventure begins on the island of Myst. But only you will know where and how it will end.



"When it looks as good as this world does, my bags are always packed and ready to go."
